

OHIO LEGISLATIVE SERVICE COMMISSION

Shannon Pleiman

Fiscal Note & Local Impact Statement

Bill: H.B. 353 of the 132nd G.A.

Status: As Passed by the Senate

Sponsor: Rep. Reineke

Local Impact Statement Procedure Required: No

Subject: Excludes certain prepaid cards and rewards cards from the Unclaimed Funds Law

State Fiscal Highlights

- Excluding the types of cards from reporting requirements under the Unclaimed Funds Law will reduce the amount of funds considered to be unclaimed and subsequently deposited into the Unclaimed Funds Trust Fund.

Detailed Fiscal Analysis

The bill excludes certain prepaid cards and rewards cards from the Unclaimed Funds Law. The Unclaimed Funds Program, which is administered by the Division of Unclaimed Funds within the Department of Commerce, is statutorily responsible for the safekeeping and return of moneys designated as unclaimed due to death, inadvertence, or forgetfulness. Overall, the bill may result in a decrease in the amount of funds considered to be unclaimed and deposited into the Unclaimed Funds Trust Fund. However, the amount deposited into this custodial fund specifically from the types of cards mentioned in the bill is unknown. Under the current process that holders of unclaimed funds use to report to the Division of Unclaimed Funds, there is not a specific coding label for these types of cards. Consequently, holders of these unclaimed funds will often report the money under labels such as miscellaneous accounts, unidentified remittances, credit refunds, refunds due, or some other category.

State law requires that unclaimed funds be reported to the state for safekeeping after the owners have left the funds unclaimed for a period of time, typically five years. The state acts as a custodian for the funds until the rightful owners or their heirs claim them. In the meantime, a portion of unclaimed funds reported to the Division of Unclaimed Funds is used to support housing loan guarantees. The funds have also been used in recent years to support the operations of other state programs through transfers to the GRF.

The chart below summarizes total unclaimed funds reported and claims paid from FY 2014 to FY 2018. The program collected \$296.9 million and paid over 53,000 claims totaling \$97.0 million to current or former Ohio residents in FY 2018. As mentioned above, the amount of unclaimed funds attributable to prepaid cards and rewards cards exempted under the bill is unknown, but probably represents a very small share of the total reported by holders and claims paid during these fiscal years.

Unclaimed Funds Reported and Claimed (in millions)
