Synopsis of Senate Committee Amendments*

Dennis M. Papp

Sub. H.B. 451

132nd General Assembly
(S. Judiciary)

Modified the provisions of the House-passed version of the bill that specify the types of depictions of crime victims that are excluded from the Public Records Law, so that the covered depictions are those by photograph, film, videotape, or printed or digital images that satisfy either of the two circumstances specified in the House-passed version.

Added to the bill provisions that exempt certain residential and familial information regarding county or multicounty corrections officers from the definition of "public records" in the Public Records Law and, as a result, provides them with protections similar to those provided to other specified law enforcement and corrections personnel.
