The bill has no direct fiscal effect on the state or political subdivisions. It adds a depiction of the Wright Flyer to the state seal and coat of arms. The bill contains a provision that indicates that supplies and materials bearing the state seal as it existed before the effective date of the bill are to be exhausted before new supplies and materials bearing the new state seal are purchased and produced. The bill further specifies that all other state property bearing the state seal as it existed before the effective date of this act is to be replaced in the ordinary course of business and shall not be replaced solely because the state seal has been changed.
