Version: As Introduced

Primary Sponsor: Sen. O'Brien

Local Impact Statement Procedure Required: No

Jared Cape, LSC Fellow

The Ohio Department of Transportation (ODOT) will incur about \$500 in costs for producing memorial signs for this memorial bridge and the city of Hubbard will incur minimal costs for installing them. Specifically, the bill designates the State Route 304 bridge spanning Mud Run in the city of Hubbard within Trumbull County as the Purple Heart Veterans Memorial Bridge.

If a memorial marker is to be located inside of a municipality, ODOT produces the signs and may request reimbursement from the municipality for the cost. ODOT, however, does not currently seek this reimbursement. The signs are installed by municipal workers, though, resulting in minimal costs for the municipality where the memorial marker is to be located. Two markers are usually installed, one in each direction at each location. Once a set of signs is installed, there are typically no maintenance costs unless the signs are damaged. Signs usually need to be replaced every 12 to 15 years.
