SUMMARY

- Expresses the intent of the General Assembly to create a statewide foundation formula in which the funding associated with students follows them to the public and nonpublic schools they attend.

DETAILED ANALYSIS

School financing for public and nonpublic school students

The bill expresses the intent of the General Assembly to create a “thorough and efficient” statewide foundation formula for the education of students, including those enrolled in school districts, community schools, STEM schools, and nonpublic schools. It specifies the formula will allow families to have the funding associated with their students follow them to the schools they attend. It also states the formula will ensure Ohio maintains strong funding for public and nonpublic schools while “cultivating innovation and opportunity” for children.
