Version: As Reported by House Transportation and Public Safety

Primary Sponsor: Rep. Lipps

Local Impact Statement Procedure Required: No

Tom Wert, Senior Budget Analyst

The Ohio Department of Transportation (ODOT) will incur about \$850 in costs for producing memorial signs for this memorial bridge and the village of Morrow will incur minimal costs for installing them. Specifically, the bill designates the U.S. Route 22 bridge crossing Todd Fork in the village of Morrow within Warren County as the "PFC Edward O'Dell Mullins, Jr. Memorial Bridge."

If a memorial marker is to be located inside of a municipality, ODOT produces the signs and may request reimbursement from the municipality for the cost. ODOT, however, does not currently seek this reimbursement. The signs are installed by municipal workers, though, resulting in minimal costs for the municipality where the memorial marker is to be located. Two markers are usually installed, one in each direction at each location. Once a set of signs is installed, there are typically no maintenance costs unless the signs are damaged. Signs usually need to be replaced every 12 to 15 years.
