Version: As Reported by House State and Local Government

Primary Sponsors: Reps. Fowler Arthur and John

Local Impact Statement Procedure Required: No

Maggie West, Senior Budget Analyst

The bill has no direct fiscal effect on the state or political subdivisions. It restores current law and reverses changes enacted through H.B. 509 of the 134th General Assembly, which are due to take effect on April 6, 2023.¹ If enacted before the effective date of H.B. 509, the bill will simply maintain the status quo.

The following changes made under H.B. 509 will be reversed: (1) the merger of emergency medical services (EMS) training programs with the EMS continuing education programs to become a joint EMS Training and Continuing Education Program, (2) requirement that the State Board of Emergency Medical, Fire, and Transportation Services adopt rules governing the procedures for the merger and the steps that current operators of the individual programs must take in order to operate and teach courses that cover training and continuing education requirements, and (3) the elimination of the EMS assistant instructor certificate and the assistant fire instructor certificate.
