Synopsis of Senate Committee Amendments

(This synopsis does not address amendments that may have been adopted on the Senate Floor.)

H.B. 403 of the 135th General Assembly

Senate Judiciary

Margaret E. Marcy, Attorney

Civil actions related to towing

- Redefines "motor vehicle owner," for purposes of the bill, by doing both of the following:
 - □ Removing lienholders, thus, ensuring a lienholder is not automatically liable for the towing service or storage facility's bill for towing/storing the motor vehicle, cargo, or personal property; and
 - □ Specifying that an owner is the person who holds the certificate of title to or a lease to the commercial motor vehicle (excluding a lienholder or a leasing company).
- Limits the type of motor vehicle subject to the bill's provisions to a commercial motor vehicle towed after an accident.
- Requires either the motor vehicle owner, towing service, or storage facility, as applicable, to send a copy of any action filed to any lienholders (if known) of the subject motor vehicle, cargo, or personal property.

Law enforcement tinted windows

Expands an exception to existing window tinting prohibitions to allow a law enforcement agency to use tinted windows for any vehicle used within the scope of an agency's duties, rather than limiting the use of tinted windows to vehicles used for a special investigatory purpose and in a canine unit.

Transportation network company annual background checks

- Requires a transportation network company (e.g., Uber, Lyft, etc.) to conduct annual background checks on its authorized drivers.
- Requires the company to terminate the authorization for a driver to work for the company if the background check reveals that the driver has committed a disqualifying offense (e.g., OVI, certain sex offenses, certain theft offenses, etc.).

Auction sales of tampered motor vehicles

- Allows a motor vehicle dealer to sell a motor vehicle with an emission system that has been tampered with to another motor vehicle dealer through a motor vehicle auction if all of the following apply:
 - ☐ The dealer discloses to the auction that the vehicle has been tampered with;
 - ☐ The auction announces during, or as part of, the vehicle auction process that the vehicle has been tampered with;
 - ☐ The auction identifies the vehicle as having been tampered with in any written description of the vehicle; and
 - ☐ The auction provides the buyer and seller of the vehicle a receipt or other written documentation after the sale which identifies the vehicle as having been tampered with.
