## Fiscal Note & Local Impact Statement

---

**Bill:** H.B. 375 of the 131st G.A.

**Date:** November 30, 2015

**Status:** As Introduced

**Sponsor:** Reps. Brown and Arndt

**Local Impact Statement Procedure Required:** No

**Contents:** Permits townships to require the removal of snow and ice from sidewalks abutting property and impose a fine for failure to do so

### State Fiscal Highlights

- No direct fiscal effect on the state.

### Local Fiscal Highlights

- Townships could incur a small one-time cost to prepare and adopt snow and ice removal resolutions permitted under the bill. However, because the bill requires townships to impose a fine of not more than \$50 per day for violations of the resolution, these costs could be partially, if not fully, offset by any fines collected.

---

## Detailed Fiscal Analysis

The bill authorizes a board of township trustees to adopt a resolution to require an owner, occupant, or person having charge of a lot or parcel of land in the unincorporated area of the township to remove snow and ice from abutting sidewalks. Under the bill, the resolution must specify a reasonable amount of time within which the owner, occupant, or person must comply with the requirement. Additionally, the resolution may specify circumstances under which individuals can be exempt from the requirement, including for age, infirmity, disability, or extended absence. Under the bill, the township must charge any person who violates the resolution a fine of not greater than \$50 per day. Finally, the bill specifies that no person complying with a township's resolution is liable for personal injuries allegedly caused by the person's compliance unless the alleged conduct is willful and wanton. Townships would incur a small one-time cost to prepare and adopt the resolution. However, any costs could be partially, if not fully, offset by fines imposed for failure to comply with the resolution.
