

# Ohio Legislative Service Commission

## Synopsis of Senate Committee Amendments\*

Lisa Musielewicz

### **Sub. H.B. 200**

131st General Assembly  
(S. Health & Human Services)

In addition to current law authorizing a school, school district, and or camp to procure epinephrine autoinjectors by adopting a prescriber-issued protocol governing their maintenance and use, authorizes any of those entities to procure epinephrine autoinjectors by having a prescriber personally furnish them or issue a prescription in the name of the entity.

Makes conforming changes associated with this authority, including:

--Permitting prescribers to personally furnish or prescribe epinephrine autoinjectors to schools, school districts, and camps;

--Specifying that the definition of "prescription" in the pharmacy law includes a written, electronic, or oral order for an epinephrine autoinjector issued to and in the name of a school, school district, or camp; and

--Granting qualified civil immunity to prescribers, schools, school districts, and camps associated with the procurement of epinephrine autoinjectors by schools, school districts, and camps from prescribers who personally furnish or prescribe them.

Makes other conforming changes to reflect recent enactments regarding pharmacies and physician assistants.
