## **CONTENT AND OPERATION**

### **Reports of career placement rates at career colleges and schools**

The bill requires the State Board of Career Colleges and Schools to include in its annual report to the Governor and General Assembly career placement rates for each private career college and school regulated by the board, disaggregated by program. That report, as required by current law, must include the activities of the board and private career schools, and can include legislative recommendations.<sup>1</sup>

Under the bill, the State Board of Career Colleges and Schools also must post on its website annually career placement rates for each school regulated by the board. The data must be searchable by school, degree, or certificate type and program.<sup>2</sup>
