Detailed Fiscal Analysis

The bill creates the "Hudson City Schools" license plate that is available to all Ohio motorists. As summarized in the table below, a motorist applying for the plate must pay: (1) a \$10 Bureau of Motor Vehicles (BMV) administrative fee, and (2) a \$30 contribution to be used by the Hudson City School District. The bill specifies that the implementation and termination procedures that typically apply to special license plates do not apply to the "Hudson City Schools" license plate. The bill has no direct fiscal effect on political subdivisions.

Bureau of Motor Vehicles

The BMV currently produces special license plates via a digital print-on-demand process. The total cost to produce a pair of these plates is \$6.08. Under the bill, a person obtaining a "Hudson City Schools" license plate must pay an administrative fee of \$10, the purpose of which is to compensate the BMV for additional services required in

issuing the plate. The administrative fees will be credited to the Public Safety – Highway Purposes Fund (Fund 5TM0),¹ which is used in part to pay the BMV's expenses related to titling motor vehicles, licensing drivers, and registering motor vehicles. The magnitude of the annual revenues and expenditures generated by the license plate will depend upon demand, which is uncertain.

Hudson City School District

The \$30 contribution paid for the issuance of the "Hudson City Schools" license plate will be credited to the existing License Plate Contribution Fund (Fund 5V10) and then paid to the Hudson City School District. The amount of revenue generated for the Hudson City School District will depend upon demand for the license plate, which is uncertain.
