Fiscal Note & Local Impact Statement

Bill: H.B. 24 of the 132nd G.A.

Status: As Passed by the House

Sponsor: Rep. Ginter

Local Impact Statement Procedure Required: No

Subject: Expands the current property tax exemption for veterans' organizations

State & Local Fiscal Highlights

LOCAL GOVERNMENT	FY 2018	FY 2019	FUTURE YEARS
Counties, Municipalities, Townships, School Districts, and Other Local Governments			
Revenues	Loss up to \$18,000	Loss up to \$18,000	Loss up to \$18,000 per year
Expenditures	- 0 -	- 0 -	- 0 -

Note: For most local governments, the fiscal year is the calendar year. The school district fiscal year is July 1 through June 30.

- The bill expands the current property tax exemption for veterans' organizations to include certain social welfare organizations that are exempt from the federal income tax under section 501(c)(4) of the Internal Revenue Code. Newly eligible 501(c)(4) properties must be used primarily for meetings and administration of the veterans' organization or for providing nonprofit programs and supportive services to veterans or current members of the U.S. Armed Forces or their families.
- LSC identified 14 chapters of the Disabled American Veterans (DAV) organization that would benefit from this exemption. Enacting the bill would reduce local property tax receipts by up to \$18,000 per year for these organizations. Actual losses to affected local governments could be lower depending on the types of property tax levies in applicable taxing jurisdictions; in some cases, the revenue losses incurred by the bill would be mitigated by shifting the tax liability to other property taxpayers.

Detailed Fiscal Analysis

H.B. 24 modifies an existing tax exemption for property held or occupied by a veterans' organization by extending eligibility for the exemption to the property of qualifying veterans' organizations that are exempt from the federal income tax under section 501(c)(4) of the Internal Revenue Code (IRC).

The expanded exemption requires that qualifying property of a 501(c)(4) social welfare organization meet the IRC criteria as a 501(c)(19) veterans' organization. A veterans' organization qualifies for federal income tax exemption under section 501(c)(19) if it is organized and operated as a nonprofit, at least 75% of its members are

veterans and current members of the U.S. Armed Forces, and substantially all the other members of the organization are cadets, spouses, ancestors, or lineal descendants of veterans or current members of the U.S. Armed Forces.

H.B. 24 limits the scope of the expanded exemption by requiring property to be used primarily for meetings and administration of the veterans' organization or for providing nonprofit programs and supportive services to veterans or current members of the U.S. Armed Forces or their families.

Under current law, a veterans' organization's property is tax exempt if the organization qualifies for exemption from federal income tax under section 501(c)(19) or 501(c)(23) of the Internal Revenue Code and the property generates less than \$36,000 in gross rental income for the tax year.

LSC staff identified 14 chapters of the Disabled American Veterans (DAV) organization that would benefit from this exemption, and consider this list likely to be complete, though it is possible there are other eligible organizations and properties. As seen in the table below, enacting the bill would reduce local property tax receipts by up to \$18,000 per year. Actual losses could be lower depending on the types of property tax levies in applicable taxing jurisdictions. In some cases, the revenue losses incurred by the bill would be mitigated by shifting the tax liability to other property taxpayers.
