DETAILED ANALYSIS

State Board of Education licensure fund

The bill requires the Director of Budget and Management to transfer \$4.5 million from the general revenue fund to the State Board of Education licensure fund each fiscal year.¹

Continuing law establishes the State Board of Education licensure fund for the purpose of paying the State Board's operating expenses, including any cost incurred by performing a duty prescribed by law and any cost related to the issuance and renewal of licenses, certificates, and permits.²

While the bill requires an annual transfer into the State Board Education licensure fund, it does not include an appropriation. Under Ohio's Constitution, state funds cannot be spent without an appropriation made by law. In addition, an appropriation cannot be made for a period longer than two years.³
